

Culture Brochure Project

Directions: You will be making a 6 panel brochure on the culture unit. Use a piece of paper and fold it into 3 sections. You **MUST** include **18** vocabulary words (used correctly) from the vocabulary grid below in your brochure. **UNDERLINE** the words when you use them. You can use the vocabulary in the statements that you write for each page. Simple pictures/drawings are acceptable. Include a statement that describes what they are and why they are applicable to the part of the brochure you drew them in.

Title each page so I know what you are writing about, for example, on page two, you will have "National Identity" written on the page.

Page requirements for your brochure

__ Page 1 = Title page (includes title, your name, hour)

__ Page 2
